Cap Coder CC 720 MkVI

Basic Head 'No Rise and Fall'

Cap Coder Ltd
Monument Business Park
Chalgrove
Oxfordshire
OX44 7RW
United Kingdom

Cap Coder is proud to design and manufacture a range of Torque Heads to suit different applications. They are available in four basic formats with various options to fit the customers' requirements and specifications.

Standard Basic Unit

The basic unit comprises of a servo driven rotor and gripping jaws, fixed to a mounting plate for customers to fit into their own machine and control the rise and fall of the torque head.
