

Cap Coder *ALPHAFILL* Peristaltic Pump Dispenser

Cap Coder Ltd enjoys an excellent reputation in various sectors of the Packaging Industry including pharmaceutical, cosmetic, adhesive, aromatherapy, diagnostic, household goods & food industry. Cap Coder works together with its customers to Design, Build and Develop Machines that convey, fill, plug, cap, orientate and code containers to suit the application required

The **Alphafill** Peristaltic Pump is Cap Coder's latest addition to the product range. Developed initially for use with its capping machines, where it is still the most popular filler option, it is now also available as a stand-alone pump

Electric	Motor Type	Dunkermotoren - Brushless DC servomotor
	Controller	Dunkermotoren – BGE 6007
	Power Supply	230vac
	Power Consumption	Max 60 watts
	Speed Control	Potentiometer
Control System	PLC	Omron
	Touch Screen	Omron
	Remote Interface	5 pin DIN connector
Construction	Dimensions	220mm x 230mm x 210mm
	Weight	7 kg
	Build Standard	EC Declaration of Conformity. IP 54 Rated
	Construction	Stainless Steel
	Pump Head	Watson Marlow - 313D
	Speed	Variable, maximum 455 RPM
