

Cap Coder *Betafill* Peristaltic Pump Dispenser

Cap Coder Ltd enjoys an excellent reputation in various sectors of the Packaging Industry including pharmaceutical, cosmetic, adhesive, aromatherapy, diagnostic, household goods & food industry. Cap Coder works together with its customers to Design, Build and Develop Machines that convey, fill, plug, cap, orientate and code containers to suit the application required

The **Betafill** Peristaltic Pump is Cap Coder's latest addition to the product range. Developed from the popular *Alphafill* unit, available as a stand-alone pump unit, or can be interfaced with Cap Coder Filling & Capping machine variations

Electric	Motor Type	Integrated Schneider Stepper Motor & Controller 24..36 V - CANopen DS301 - 3.5A
	Power Supply	230vac
	Power Consumption	Max 60 watts
	Speed Control	HMI
Control System	PLC	Schneider
	Touch Screen	Schneider
	Remote Interface	M12 5 pin industrial connector
Construction	Dimensions	200mm x 200mm x 200mm
	Weight	7 kg
	Build Standard	EC Declaration of Conformity. IP 54 Rated
	Construction	Stainless Steel
	Pump Head	Watson Marlow - 313D
	Speed	Variable, maximum 500 RPM
